Irvine Sellar, the joint owner and developer of the iconic Shard building in the vibrant London Bridge Quarter of London, describes this 'vertical city' as a modern beacon of progressive architecture.

The Shard, London

He had an ambitious vision to create a striking skyline monument incorporating retail, offices, hotel, apartments, restaurants and a public viewing gallery.

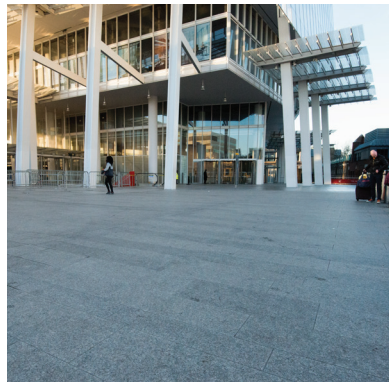

His idea was to build a diverse vibrant community and provide multiple areas within which the public could experience the

Location: London, SE1 9SB	
<b>Elements:</b>	Natural stone slabs
