Designed for site, not the lab

Performance requirements where it matters; on site.

High Performance

Designed for workability and strength.

Exceeding BS 7533

Formulated to exceed BS 7533 Type B compliance and help correct for workmanship, site conditions and over-trafficking issues.

Permeable bedding mortar

Designed to prevent capillary action, which is a major contributor to post construction moisture related issues and a requirement of BS 7533.

Ease of use

Faster and more efficient layworks.

Compliant

ISO 9001 quality management certified.

ISO 14001 environmental management certified.

Support & Design assistance

Unrivalled customer support from an in-house team with extensive experience and a wealth of technical knowledge.

Quick service

Fast turnaround on estimating, quotations and ordering.

Specialist transport options

FORS, Hiab, artic and tail lift.

On time delivery

Reliable prompt delivery and an outstanding record helping to maintain project schedules.

Get paid quicker

Premium products and services contribute to project success; helping to beat deadlines, preserve reputations and profits and secure the all important sign-off.

Tools and equipment

Specialist tools and equipment available for the fast and reliable application of Steintec mortars.

History

First UK proprietary paving mortar manufacturer with over 20 Years successful project history.

Case studies

Reference projects from over 20 years; commercial, public realm and domestic.
